

# Data Points

Issue 55

June 29, 2005

---

## HR Submission Required in July

All Centers will need to submit an HR data file with the July submission, and at the beginning of each future fiscal year. With the exception of the July submission, the HR data set is not required on a monthly basis.

## New Client and HR Submission Format Testing

If any center wants to test the submission of the new Client format or the new HR format, please contact Kathy Ernst ([Kathy.Ernst@rdmc.org](mailto:Kathy.Ernst@rdmc.org)) to make arrangements

## Events for Status 3 (Pseudo) Clients

The Data Set Guide for the Client Data Set states “**Client Status 3 (Pseudo Client):** *Services/Purchases reported under DMHMRS Modifiers (FAO-12) 24 and 25 for which the service/purchase cannot be reported on a client by client basis may be reported using this special reporting procedure.*”

**Only Event Modifiers 24 and 25 are valid for Status 3 Clients.** Beginning with July submissions, any event record for a Status 3 Client that is not Modifier 24 or 25 will be recorded as a General Error. Any re-submissions of June data will report this error as a Possible Error.

Also, please note that any demographic data entered for a Status 3 Client is dropped. A Pseudo Client cannot be married or have diagnostic codes, so the edit program converts all Client fields (except for Region, Client ID, Client Status Code and System Reporting Date) to “Unknown”.

If you have any questions, or if you believe there are any other service Modifiers that should be included with 24 and 25, please contact [Dennis.Moore@rdmc.com](mailto:Dennis.Moore@rdmc.com)
